TABLE OF CONTENTS

SECTION ONE: OVERVIEW
2016 Update Summary ................................................................. 3
How to Use This Report .................................................................. 4
Acknowledgments ......................................................................... 5
Product Class List & Definitions .................................................. 6-8
Executive Summary ....................................................................... 9-10
PTDA Distributor Survey Demographics ....................................... 11-12
PTDA Manufacturer Survey Demographics ................................. 13
PTDA Manufacturer Channels to Market ....................................... 14
Importance of Product Categories to PTDA Manufacturers .......... 15

SECTION TWO: U.S. MARKET
U.S. Markets Overview ................................................................. 17
PTDA Distributor Product Mix: U.S.............................................. 18
Demand by End-Market in the U.S.: Top 20 End-Users ................. 19
U.S. Regional Overview ............................................................... 20
PTDA Distributor Product Mix by U.S. Region ......................... 21
PTDA Product Mix by Distributor Size ........................................ 22
Other Products Offered by PTDA Members ................................. 23
Total & Distributor Available Market by U.S. State ...................... 24
Total Market by U.S. State by Product Category ....................... 25-26
Distributor Available Market by U.S. State by Product Category .... 27-28
Individual States: Top Segments & Demand by Metro Area (MSA) ... 29-79

SECTION THREE: CANADIAN MARKET
Canada Markets Overview ............................................................ 81
PTDA Distributor Product Mix: Canada ....................................... 82
Demand by End-Market: Canada ................................................. 83-84
Demand by End-Market: Canada Top 20 End-Users ................. 85
Canada Province Overview ......................................................... 86
Canada Product Mix by Province: Total Market ......................... 87
Canada Product Mix by Province: Distributor Available Market .... 88

SECTION FOUR: MEXICAN MARKET
Mexico Markets Overview ............................................................ 90
Demand by End-Market: Mexico .................................................. 91-92
Demand by End-Market: Mexico Top 20 End-Users .................... 93

CONCLUSION ............................................................................. 95
Methodology ............................................................................... 96
About the Researchers: MDM Analytics & Channel Marketing Group ...... 97-98

ABOUT THE POWER TRANSMISSION DISTRIBUTORS ASSOCIATION
The Power Transmission Distributors Association is the leading association for the industrial power transmission/motion control distribution channel. PTDA exists to advance the industrial power transmission distribution channel and strengthen members to be successful, profitable and competitive in a changing market environment.

PTDA’s members are the companies that distribute and manufacture the components that keep your world running smoothly. PTDA’s membership comprises more than 370 companies, representing over $16 billion in product sales. Guided by a member-focused strategic plan, the Association harnesses the expertise and intellectual capital of its collective membership to provide high-quality networking opportunities and best-in-class programs that enable member companies to compete more effectively in a changing marketplace.
